

DESCRIPTION / DESCRIZIONE

en The Elle bookcase has a metal structure comprising three self-supporting vertical elements that can be put near each other. Thanks to the 'L' shaped metal shelves, this bookcase offers endless possibilities for customisation: the shelves can be arranged in a regular manner or rotated 'upside down' to create double-height spaces, thus adapting to different needs. Available in different colours, from monochrome to customised combinations, Elle easily adapts to any furnishing style. Being transversal is the distinguishing feature of this project, which perfectly fits into the philosophy of Mara products catalogue, designed to offer versatile solutions for multiple uses.

it La libreria Elle è caratterizzata da una struttura metallica composta da tre elementi verticali autoportanti ed accostabili linearmente. Grazie ai ripiani metallici a forma di "L", questa libreria offre infinite possibilità di personalizzazione: i ripiani possono essere disposti in modo regolare oppure ruotati 'sottosopra' per creare spazi a doppia altezza, adattandosi così alle diverse esigenze. Disponibile in diversi colori, dalla versione monocromatica oppure con combinazioni personalizzate, Elle si adatta facilmente a qualsiasi stile d'arredo. La trasversalità è il tratto distintivo di questo progetto che si inserisce perfettamente nella filosofia dei prodotti presenti nel catalogo Mara, pensati per offrire soluzioni versatili e adatte a molteplici usi.

en Our types of metals include: chromed metals and painted metals. Do not use acid or alkaline based cleaning products. Do not use detergents, steel wool, dishwashing detergents or the like. Sharp or pointed objects may damage the surface. Any hot or wet object may cause surface damage. Clean the surface regularly with a soft cloth to remove dust. To remove light dirt, use a soft cloth and a neutral household cleaner.

it Le nostre tipologie di metallo comprendono: metalli cromati e metalli verniciati. Non utilizzare prodotti per la pulizia a base acida o alcalina. Non utilizzare detergenti, lana di acciaio, detersivi per stoviglie o simili. Oggetti appuntiti o taglienti possono danneggiare la superficie. Qualsiasi oggetto caldo o bagnato potrebbe provocare danni alla superficie. Pulire la superficie regolarmente con un panno soffice per rimuovere la polvere. Per rimuovere lo sporco leggero utilizzare un panno soffice e un prodotto per le pulizie di casa neutro.
